

Be smart, stay apart on Labor Day Weekend!

The best way to honor & support frontline workers on Labor Day is to *stay home alone*—we are still vulnerable if we do not work together. A spike is almost GUARANTEED if the MS Gulf Coast does what it did on Memorial Day and the Fourth of July.

Let's change the trend. During our last two holidays, our numbers spiked. If we aren't careful, there could be nearly 300 COVID infections above the norm and approximately 6 COVID deaths from Labor Day gatherings. Please do your part and encourage others!

*red bars show an increase in cases following holiday weekends.
